9.3. Popularization

We have built a comprehensive online wiki (WikiPopix, https://wiki.inria.fr/popix) for the population approach with mixed-effects models. This wiki aims to be an invaluable resource for all pharmacometricians, statisticians, teachers, graduate and undergraduate students in academia, industry and regulatory agencies. It is freely available online for all these communities.

Furthermore, the team developed an online animated film called *Introduction to PK modeling* for interested members of the public and for teaching and training purposes. It can be seen at https://team.inria.fr/popix/files/2013/02/PKmodelling.swf, and joins two previous animated films already developed by the team (see http://team.inria.fr/popix/files/2011/11/PopulationApproach.swf.
